

## FEEDING UNCLE SAM'S SUBMARINES

The picture shows one of the ships of the United States navy used as a tender to food our submarines at sea. It is the Tallahassee and is shown supplying two submarines with oil and supplies.

### 30,000 SMALLPOX CASES RAGE IN GERMANY—FOOD HOARDED

Washington, March 23. — 30,000 cases of smallpox rage in Germany and the disease is spreading, according to the speech of Socialist Reichstag Member Hoffman, received by the state department Thursday in full.

Brief portions of the speech were received by the press in this country recently.

The full text showed that Hoffman charged that the rich were getting the fats while the poor had none; that the government was actually hoarding sausages with which the poor ought to be fed; that smallpox is spreading rapidly, and that the vaccination employed against it was proving futile.

The speech showed a far more distressing situation in Germany than many reports thus far reaching the department.

It strengthened the belief, caused by recent rumors, that conditions are ripe for a real revolution in Germany.
